

UNC Eshelman School of Pharmacy

Student Course Evaluations Annual Report

Fall 2013 – Spring 2014 Summary of Results (De-identified)

Professional, Graduate, and Elective Courses and Instructors

Background: Historically, student course evaluations were not uniformly administered for all courses in the UNC Eshelman School of Pharmacy Professional and Graduate Programs. In Fall 2011, the Office of Strategic Planning and Assessment (OSPA), along with the School's Assessment Committee, embarked on an effort to develop and implement a uniform and systematic approach to implementation, review, and use of student course evaluations for all required and elective course offering in the School at both the professional and graduate levels. This approach included the development and implementation of:

- A standard course evaluation instrument for use in both the Professional and Graduate Programs;
- A brief survey for course directors (to solicit information on which instructors in their course should be evaluated and whether supplemental, custom questions should be added to the standard evaluation instrument);
- School Policy and Procedures for Student Evaluation of Course and Instructor Effectiveness (*on Website*);
- Review criteria established by the School's Assessment Committee to identify whether any student evaluation results indicate courses or instructors warranting further review or are worthy of outstanding recognition (*Appendix A*);
- A letter template addressed to respective course directors and the course director's Division Chair for any course or instructor "warranting further review," which requests a reflective summary and plan of action from the course director; and,
- A spreadsheet whereby data are maintained each year on courses or instructors warranting further review, so that the OSPA, the Office of Professional Education (curriculum and assessment committee), and the Office of Graduate Education (graduate education committee) can follow-up accordingly on an annual basis for purposes of continued quality improvement.

It is important to keep in mind that student course evaluations represent *one* component of an overall course and instructor assessment process. The results do not reflect peer evaluation of instructor teaching effectiveness or a comprehensive, systematic review of a course.

Results: The tables in this report summarize, by Program (*Professional or Graduate*) or Course Type (*Electives*):

- The number of courses and instructors evaluated during the 2013-2014 academic year;
- The number and percentage of courses and instructors warranting further review; and,
- The number and percentage of courses and instructors worthy of recognition.

SUMMARY OF IDENTIFIED OUTLIERS BY PROGRAM/COURSE TYPE:

SUMMARY OF ALL COURSES						
Program/Course Type	Year	Courses Evaluated	Warrant Further Review		Worthy of Recognition	
			#	%	#	%
Professional	Fall 2013 – Spring 2014	37	4	10.81%	3	8.11%
Graduate	Fall 2013 – Spring 2014	19	3	15.79%	5	26.32%
Electives ¹	Fall 2013 – Spring 2014	20	1	5.00%	10	50.00%

SUMMARY OF ALL INSTRUCTORS						
Program/Course Type	Year	Instructors Evaluated ^{2,3}	Warrant Further Review ⁴		Worthy of Recognition ⁵	
			#	%	#	%
Professional	Fall 2013 – Spring 2014	126	2	1.59%	39	30.95%
Graduate	Fall 2013 – Spring 2014	59	1	1.69%	21	35.59%
Electives	Fall 2013 – Spring 2014	72	0	0.00%	36	50.00%

¹ Elective Courses can be Professional and/or Graduate.

² Course Directors identify instructors to be evaluated by students; there are no requirements on number of contact hours taught in order to be evaluated. Therefore, some instructors may have taught only one class session; whereas, other instructors may have taught numerous times in one or more courses.

³ If an instructor was evaluated in more than one course (per semester), in a given Program or Course Type, s/he is only counted once.

⁴ If an instructor met “warrants further review” criteria more than once (per semester), in a given Program or Course Type, s/he is only counted once.

⁵ If an instructor met “worthy of recognition” criteria more than once (per semester), in a given Program or Course Type, s/he is only counted once.

PROFESSIONAL PROGRAM: COURSES

SUMMARY OF COURSES					
Semester	Courses Evaluated	Warrant Further Review		Worthy of Recognition	
	#	#	%	#	%

Appendix A: Student Course Evaluation Review Criteria

The Office of Strategic Planning and Assessment reviews all Professional and Graduate course evaluation results (including Electives) using the below criteria:

Course

A. Courses warranting further review

1. Median rating of <3 on 3 or more questions; **OR**,
2. Median rating of <3 for "overall rating of course" question

B. Courses worthy of recognition

1. Median rating > or = 4.5 on 4 or more questions; **AND**,
2. Median rating > or = 4.5 for "overall rating of course" question

Instructor

C. Instructors warranting further review

1. Median rating of <3 for "Overall, the instructor was an effective teacher" question

D. Instructors worthy of recognition

1. Median rating of > or = 4.5 for "Overall, the instructor was an effective teacher" question

Evaluation Instrument Details:

- *Likert scale:* 1 = Strongly Disagree, 2=Disagree, 3=Neither Disagree nor Agree, 4=Agree, 5=Strongly Agree
- *Number of Likert Scale Questions:* 7 Course-Level Questions and 2 Instructor-Level Questions.

Custom Questions: Custom questions are not included in OSPA's review of course evaluation results.

Graduate Program: In order for graduate courses/instructors to be identified as "warranting further review" or "worthy of recognition," student response rates on course evaluations must be approximately 80% for courses with 10 or fewer students, and approximately 60% for courses with 10 or more students.
