The instructor evaluated my clinical work consistently. (773)

The instructor evaluated my clinical work fairly. (774)

The instructor helped me develop good clinical techniques. (775)

Appropriate and inappropriate clinical procedures were clearly identified. (776)

The instructor made reasonable demands of the students in clinical work. (777)

The instructor provided an effective orientation to the clinical site. (778)

The instructor provided several strategies to enable me to reflect on the clinical experience. (779)

I worked at the clinical site for at least the minimum amount of time required by the instructor. (780)

The clinical experience offered me adequate opportunities to achieve the learning outcomes set at the beginning of the experience. (781)

I received adequate supervision during the clinical experience. (782)

The clinical experience provided an adequate number of opportunities for me to gain and practice problem-solving skills. (783)

During the clinical experience I was able to gain valuable information about community resources. (784)

As a result of the clinical experience I have a better understanding of the community perspective on health issues. (785)

The instructor and I collaborated effectively on the evaluation of my work during the clinical rotation or practicum. (786)

The instructor's evaluation covered most of the learning outcomes that I achieved during the clinical experience. (787)

The instructor's evaluation and my self-evaluation of the clinical experience were similar. (788)

[+ CLINICAL OR FIELD EXPERIENCES](#)

The instructor was very knowledgeable about the clinical or field placement. (789)

My clinical or field supervisor helped me to understand my role in the organization at my placement site. (790)

My clinical or field supervisor helped me understand the organizational culture of my placement site. (791)

My supervisor helped me understand ""how to get things done"" in the clinic or field placement. (792)

My clinical or field supervisor was available and willing to spend time with me, giving appropriate guidance and feedback. (793)

My clinical or field placement supervisor provided just the right help to me at just the right time. (794)

The clinical or field placement was valuable to my professional development. (795)

The clinical or field placement assignments helped me apply knowledge from other courses. (796)

The instructor adequately prepared me for the professional conduct expected during the clinical or field placement. (797)

The instructor helped me acquire the problem-solving skills necessary for the clinical or field placement. (798)

The instructor adequately prepared me to deal with conflicts or problems during the clinical or field placement. (799)

The instructor clearly explained the goals and purposes of the clinical or field placement. (800)

The instructor helped me develop appropriate learning outcomes for the clinical or field placement. (801)

The instructor helped me develop effective methods to assess my own progress during the clinical or field placement. (802)

The instructor encouraged critical thinking with regard to my clinical or field placement. (803)

The instructor was open to different points of view about issues raised by the clinical or field placement. (804)

My clinical or field supervisor helped me discover new ways of thinking about situations I encountered in my placement. (805)

The instructor provided timely and constructive feedback about my performance during the clinical or field placement. (806)

My clinical or field supervisor stimulated me to reflect on my experiences in the organization at the placement site. (807)

My clinical or field supervisor was honest in pointing out my strengths and areas for development. (808)

My clinical or field supervisor helped me to establish markers for progress with my growth and development. (809)

The instructor stimulated thinking about issues of cultural diversity encountered during the clinical or field placement. (810)

The instructor raised my awareness of ethical aspects of my clinical or field placement experience. (811)

[+ RESEARCH AND FIELD PROJECTS](#)

I was able to participate in the research process in meaningful ways. (812)

I clearly understood the direction that the research seminar was to take over the semester. (813)

The field research challenged me to think deeply about the subject matter. (814)

The instructor carefully explained each step of new techniques in the field research. (815)

The instructor clearly communicated expectations for research reports that students were to produce. (816)

The field experience enabled me to develop a better understanding of the research process. (817)

The field experience gave me insight into the application of research in current practice or policy. (818)

The instructor adequately prepared me for the living and learning experience that I encountered in the field. (819)

My field project was an excellent opportunity to learn about or apply course concepts and issues. (820)

The field project that I completed provided opportunities for learning that closely matched my interests. (821)

The field project was valuable to my professional development. (822)

I developed a clearer understanding of how faculty research is expressed in teaching. (823)

[+ SEMINARS \(GRADUATE AND UNDERGRADUATE\)](#)

The instructor in this research seminar provided constructive feedback on my experimental designs. (824)

The instructor in this research seminar provided thoughtful advice on my research. (825)

The instructor in this research seminar taught me how to do original research. (826)

The instructor in this research seminar took steps to improve my ability to conceive explanatory hypotheses and design critical tests of such hypotheses. (827)

The instructor in this research seminar took steps to improve my observation of natural, technical, or social phenomena. (828)

This research seminar stimulated my imagination and creativity. (829)

This seminar challenged me intellectually. (830)

The instructor encouraged me to be critical of ideas. (831)

[+ ADVISING](#)

My research advisor was knowledgeable about the research process. (842)

My research advisor demonstrated an open and analytical approach to different points of view about the problem being studied. (843)

My research advisor stimulated my intellectual curiosity about the topic. (844)

My research advisor served as a sounding board for my research ideas and guided the development of my research. (845)

My research advisor was knowledgeable about School and University research requirements. (846)

My research advisor was clear about accepted outcomes at each stage of the process. (847)

My research advisor taught me about scientific integrity in research. (848)

My research advisor facilitated my understanding of ethical aspects of the research process. (849)

My research advisor facilitated timely completion of my study. (850)

[+ SUPERVISION](#)

My research or lab supervisor facilitated my research project by helping to obtain necessary reagents, collaborations, etc.. (851)

My research or lab supervisor created mechanisms to foster communication between individuals within a lab. (852)

My research or lab supervisor fostered a cooperative environment within the lab. (853)

My research or lab supervisor encouraged the development of new apparatus and patentable inventions. (854)

My research or lab supervisor encouraged my inventiveness including the identification of new research topics and the discovery of new techniques. (855)

My research or lab supervisor helped to improve my ability to conceive of hypotheses and design experiments to test them. (856)

My research or lab supervisor worked to develop my independent research thinking. (857)

My research or lab supervisor provided trouble-shooting and ideas on how to overcome barriers. (858)

My research or lab supervisor kept in touch with my progress. (859)

My research or lab supervisor helped me focus on the "Big Picture." (860)

My research or lab supervisor guided me around predictable pitfalls. (861)

My research or lab supervisor encouraged rigor in experimentation and preparing publications. (862)

My research or lab supervisor addressed my strengths and weaknesses. (863)

My research or lab supervisor provided constructive feedback on the design and interpretation of my experiments. (864)

This research or lab experience stimulated my imagination and creativity. (865)

My research or lab supervisor took steps to improve my observation of natural, technical, or social phenomena. (866)

My research or lab supervisor taught me how to do original research. (867)

My research or lab supervisor provided thoughtful advice on my research. (868)

My research or lab supervisor provided constructive feedback on my experimental designs. (869)

My research supervisor was instrumental in building my professional networks. (870)

My research supervisor treated me with respect and fairness. (871)

My research supervisor provided opportunities to participate in professional activities other than research (e.g. review of papers, grant applications, department committee service). (872)

My research supervisor provided opportunities for me to train more junior individuals. (873)

My research supervisor provided guidance on professional ethics in scientific integrity in research. (874)

My research supervisor provided guidance on finding a job or postdoctoral appointment. (875)

My research supervisor provided constructive feedback on research writing skills. (876)

My research supervisor provided constructive feedback on my research presentation skills. (877)

My research supervisor taught me to be critical and objective concerning my own results and ideas. (878)

My research supervisor helped in building my professional networks (e.g. provided an opportunity to present work at national meeting, meet or have dinner with seminar speakers, etc). (879)

My research supervisor helped me to draw logical inferences from observational and experimental data. (880)

My research supervisor helped me develop my capacity for logical reasoning including abstract and theoretical reasoning. (881)

My research supervisor facilitated my ability to obtain independent funding, e.g. a fellowship or travel funds to meetings. (882)

[+ ENROLLMENT PROCESS](#)
