

UNC Eshelman School of Pharmacy Parking Policy 2016-2017 Parking Year

The School has an allocation of parking permits for a number of lots across campus. For the 2016-2017 parking cycle, the School has permits allocated in the following lots:

Bell Tower Deck (BTD) – 25
Craig Deck (CD) – 15
FG - 2
Jackson Deck (JD) - 8
McCauley Deck (MD) – 32
N7 Lot – 11
Cardinal Deck (PD) – 46
S11 Lot – 24
W Lot - 6

For information on the location of these lots, please visit: <http://move.unc.edu/files/2014/11/parking-zone-map.pdf>

The cost of parking is payroll deducted for all permanent employees and varies based on the salary of the employee and the type of lot (gated/non-gated). Temporary employees may also purchase parking but must pay for their permit up front at Transportation and Parking Services. Current prices are available here: <http://move.unc.edu/files/2015/07/2015-16-Employee-Permit-Fees.pdf>

Priority parking is given to Pharmacy employees in the following roles:

- Dean
- Associate Deans
- Chairs
- Total State Service
- Temporary Employees

Current employees are invited to participate in the parking lottery annually during the spring (usually early May). During the lottery process, all employees are invited to submit their top three parking choices based on the allocations available. Employees are encouraged to be strategic about their requests based on their years of previous state service. Once all interested employees have submitted their top three parking preferences, allocations are made based on the hierarchy above. Each employee is given their top parking preference available based on where they fall in the hierarchy. If an employee does not get his/her first or second choice, they will be added to a waiting list for that lot. New parking permits are distributed in early August and new assignments will begin on/around August 15.

When parking spaces become available throughout the year, they are offered to the employee on the wait list for that lot with the most state service.

As new employees join the School, they are offered parking in the lots available at the time of hire. They are then added to the waiting list for their preferred lots and are offered the next available space there based on their state service.

Please note: In rare instances, as new Deans, Chairs, etc are hired, the last employees granted space in a lot may be bumped back to another lot in order to accommodate a new employee with priority parking.

Employees are encouraged to utilize other low/no cost transportation options through the Commuter Alternative Program (CAP). These options include, but are not limited to:

- Park & Ride
- Chapel Hill Transit
- Go Pass
- Carpool
- Vanpool

Information on the CAP Program is located at: <http://move.unc.edu/cap/commute-options/>

Additional information on campus parking, visitor parking, parking policies, campus traffic advisories, etc. can be found at the UNC Transportation & Parking website at move.unc.edu
